## YOUR SOLUTION

UBS ePayMaster is the ultimate internet banking solution for all businesses. It allows you to send payment instructions directly from your UBS software, improving your efficiency and costs.

To enhance further the security of transactions, there are separate roles for preparer and authoriser of the payment instructions. With the flexibility of today's lifestyle you can choose to authorise the payments using highly secure methods via your mobile phone or the internet.

Additionally, UBS ePayMaster provides reconciliation facilities. In business, it is all about managing your cash flow effectively.

**Ask our partners about our competitive transaction rates and find out how much you can **SAVE!****

### Terms and Conditions:

Annual renewable fee for UBS ePayMaster is RM 100. This includes the choice of one security token for PC, Palm or Smartphone.

\*Additional security token will be charged at RM 100 per unit.
