Sage Cover

- Your software license is a permanent license. This means you can use the software as long as you want.
- Sage Cover is a Software Assurance Plan designed specifically for Malaysia's Small Medium Businesses (SMBs) to protect their software investment. Sage Cover enables its subscribers to make sure their software complies with local statutory and legal requirements as well as to stay updated with rapid changes in technology innovation while achieving maximum cost efficiency.
- Sage Cover for the first year is included in the software license. Subscribers can extend their Sage Cover Plan by renewing it in 2 simple steps:
  1. Fill-up the Sage Cover Renewal Notice
  2. Fax the Renewal Notice along with the Bank-in slip to us at 03-2261 4379 (Attention: Customer Marketing)
     *For more information, please contact our Partners or Associates.
- Sage Cover subcribers will :
  1. Enjoy online update and new version releases at no additional charge.
  2. Enjoy discounts if you renew for multiple years.
  3. Enjoy discounted price on Payslips or EA Forms.
  4. Enjoy discounted entrance fees on our in-house conferences or workshops.

For any enquiries on Sage Cover, please call **1300 88 SAGE (7243)** Customer Marketing or email us at info.malaysia@sage.com. Feel free to contact us should you have any feedback that you want to share with us.

Sage Malaysia
Global Scale, Local Focus

Since 1988, Sage UBS has been offering pratical and localized accounting solutions to more than 150,000 customers in Malaysia. Since then we have grown from strength to strength and established ourselves as a leader in business software solutions for small and medium sized businesses (SMBs). Our products are supported by a vast network of over 50 business partners and 400 business associates across Malaysia, providing our customers with the quality and choice of services they need. Sage UBS keeps in constant touch with developments both in Malaysia and in the global business software industry through its parent company, The Sage Group PLC.

The Sage Group PLC is a leading supplier of business software, services and support to 6.3 million SMB customers worldwide. Operating across the globe with over 13,100 employees and more than 25 years of experience, we have built our success on understanding and meeting the needs of customers in local markets. Providing a range of high quality products and services which are relevant to our customers, our purpose is to help our customers run their business more effectively while gaining greater insight into their business activities and providing them with lasting benefits by automating their business processes with trusted local support. Sage was floated on the London Stock Exchange since 1989. Read more about sage at www.sage.com

- **UBS BILLING**

sage UBS one Version 5

Growth and progress
have always been **key attributes**
for **businesses to move forward**.

sage UBS one (Version 5)

Here at Sage UBS, our objective is to offer business solutions that make it easier for our customers to manage their business processes resulting in lower operational costs and reduced risk, leading to a more profitable and sustainable business.

This is achieved by providing quality products and services that are relevant to our customers, deployed with appropriate technology and are supported by local experts.

sage UBS one (Version 5) has been updated with tools and add-ons that are simple to use and built on our established and trusted features. The aim is to add more value and increase productivity for your business.

Range of Solutions:
• UBS ACCOUNTING
• UBS BILLING

sage UBS one (Version 5)
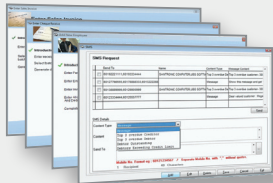

Simple • Proven • Trusted

NEW FEATURE :-

Electronic Credit Card Terminal (ECCT)
From versatility to flexibility, ECCT is a step towards e-commerce. Accepting payments from ATM/debit card and electronic cheques can help improve sales. Credit card transaction support encourages customer purchasing, stimulates impulse buying, improves business growth and provides better cash flow management. This new payment mode was introduced by Sage UBS to enforce simplicity in credit card payment management.

Simply connect your credit card terminal to Sage UBS Accounting to enjoy the ECCT benefits:

- **Simple all-in-one Screen**
  - Immediate processing of receipt transaction where outstanding documents can be offset simultaneously.
- **Data Integrity** and **traceability**
  - Approval code and Invoice Number will be captured directly into the system for future reference and traceability.
- **Save time** and **minimize error**
  - Financial entries are auto-generated upon successful processing of the credit card transaction.
